- Step One** Open your new Reading Cooperative Bank account.
- Step Two** Complete one copy of the Direct Deposit Authorization Form included in this Switch Kit for each organization (your employer, Social Security, CD interest payments, etc.) that deposits funds directly into your account, and send the form to the organization. For Social Security direct deposits, you may simply call the Social Security Administration at 1.800.772.1213.
- Step Three** Complete one copy of the Automatic Payment/Deposit Switch Form included in this Switch Kit for each of the automatic payments or automatic deposits (except for payroll) associated with your old account and mail it to the financial institution or merchant that processes the transactions.
- Step Four** Set up online bill pay. Cancel each payee in the online bill pay service on your old account, and add each to your new Reading Cooperative Bank account.
- Step Five** Close your old account.

Confirm that all checks have cleared on your old account, and that all automatic payments are now being withdrawn from your new Reading Cooperative Bank account. Determine the balance that is available in your old account to deposit into your new Reading Cooperative Bank account.

Once you withdraw the balance of your funds, notify your old bank that you are closing the account using the Account Closing Form included in this Switch Kit.

We recommend that you keep your old bank account open for a period of two months to be sure that all changes in your automatic payments or deposits are complete, and that all outstanding checks have cleared before you close the account.
